

## RAMP Up! Ridgway – Public Meeting on 4/17

Project Update: April 10, 2017

*Ready or not... here we come!*

*ACC crews will begin mobilizing to Ridgway next Monday with work starting in earnest on Monday, April 24.*

As you know, when crews return our key responsibilities are to install the cross walks and cross pans in town, cross walks across SH 62, finish up the north lane on SH 62 including sidewalks, and of course, landscape and irrigation. This work is scheduled to take 44 working days. CDOT and ACC have been discussing a potential change order to add work which could potentially extend drainage and paving up SH 62 and also extend our time in town. We should have all of that figured out by the time we have our **Public Meeting on Monday, April 17, 2017.**

***ACC, CDOT and the Town of Ridgway welcome you to a Public Meeting on Monday April 17, 2017 at 5:30 p.m. in town hall.*** At this time we will reintroduce the project team, provide a base timeline for the work ahead of us and provide an overview of the work activities and their impact on traffic. I hope you can join us.
